

Fresh Prince of Judea

This is a story all about how,
my life got flipped turned upside down.
Now if you'd like to take a minute just kneel right there,
I'll tell you how I became the King of this land called Judea.

In West Jerusalem born and raised,
in this palace where I spent most of my days.
Chilling out, maxing, relaxing all cool.
And Hating on people whilst acting mighty cruel.

The three wise men, they were up to no good,
They started making trouble in my neighborhood.
They threw one little stone, and thought I was in fear!
I said 'There's only one King of this place called Judea.'
